

CLEAN DRY

AUTO DISHWASHING RINSE AID

DESCRIPTION

CLEAN DRY is a drying agent formulated to be metered into the final rinse cycle of spray type automatic dishwashing machines.

USES

The use of **CLEAN DRY** reduces drying time within automatic dishwashers and glasswashers, eliminating spotting and streaking, thereby greatly improving the appearance of dishes, glassware and cutlery.

BENEFITS

- Reduces drying time.
- Eliminates spotting and streaking.
- Greatly improves appearance of dishes, glassware and cutlery.
- Is economical and simple to use.

DIRECTIONS

CLEAN DRY is dispensed by Challenge Chemicals Australia control dispensing equipment. Contact our sales team for details of dispensing systems.

WARNING

Avoid eye contact.

FIRST AID

If poisoning occurs contact a doctor or poisons information centre. PH 13 11 26. If swallowed do not induce vomiting, give milk or water and seek medical advice. If skin contact does occur remove contaminated clothing and wash thoroughly with water. For eye contact, irrigate with water for 15 minutes. If irritation persists seek medical advice.
