SUPPLY MADE EASY

Refilling The Goods Stuff Manual Soap and Sanitiser Dispenser

9000263

All dispensers and soaps will insert the same if not in similar ways. For more information we have a YouTube visual video explaining these instructions in a step by step process.

1. To open your dispenser push the tab located at the bottom back section of your dispenser. Hold the tab down while you pull open the lid.

This is the location of the push tab

2a. Place your soap pod into the dispenser.

2b. To lock the pod into place, you will need to push the small green tab to the side and push down the white section of your pod until you see/feel the pod move down into place.

3. Once the soap pod is in place flip the dispenser lid back over and push it down until it clicks into place.
